Blackberries and Huckelberries Light Supply-Watermelons Coming in Freely-Grain Market.

vesterday. Dealers continue to very fair demand for all kinds commanding good prices. Apples are comlittle more freely, but a large percommon stock. Peaches are in quantities. Blackberries and huckelwatermelons are coming in freely and prices rule easier. Sweet potatoes continue easy in price for so early in the season, liberal quantities arriving. The flour market is very active and retail grocers are free buyers, fearing an advance in price with a strong tone to the wheat market. Then the demand is partly due to the cool weather which has prevailed this summer, consumers using more flour than when the weather is hot. Sugars remain unchanged at quoted prices with some cutting reported. Coffee is steady and a free The produce dealers report trade good. There is a good demand for fresh eggs, the supply not being equal to the demand. The high prices paid East for eggs aids in maintaining the prices in the West. The butter market is without special feature, prices being steady at quotations. Poultry is not coming in very freely, but is in good request at prices quoted. Spring chickens yesterday went off one cent, be ing in good supply, while old fowls are scarce and prices firm. There is still much complaint of the small size of springs. The dry goods houses have had an unusually good trade for so early in the season, retail dry goods houses showing a disposition to stock up freely, so good is their trade generally. The same remark will apply to

the boot and shoe and millinery houses. Indianapolis Grain Market.

Receipts of grain are unusually light, conditions considered. Grain dealers had looked for a very active business and large re ceipts in early August, but have been disappointed. Mean time prices have been well maintained at the high range for this season of the year. Track bids reported by the secretary of the Board of Trade are as

Wheat steady: No. 2 red, 771/2c track: No. red, 77%c on milling freight; No. 3 red, 75e track; August, 78e track; wagon, 76c. ANOTHER RECOVERY SO VIOLENT TRADERS BECOME SUSPICIOUS.

However, the Market Showed Plenty of Evidence of Leadership and Skillful Management.

MARKET'S EARLY STRENGTH

CONSPICUOUS IN WESTERN GRAIN-CARRYING RAILROADS.

There Has Been Heavy Borrowing, and There Is Necessarily Curiosity Regarding the Bank Statement.

NEW YORK, Aug. 14.-There was another recovery from the extreme depession of last week. So violent did the movement become that it was regarded with some suspicion and professional traders became very watchful for symptoms of reaction in order to seize a ripening opportunity for a shift to the short side for a turn. The market showed abundant evidences of leadership and skillful management and was held by transferring bull operations from one stock or group of stocks to another, taking profits in the one as buying was shifted to another. News seemed to have nothing to do with the advance beyond the fact that the market had turned. That is to say, the conclusion was general that liquidation had been completed for the present and prices consequently left free to seek the level of true values. Little was heard of yesterday's numerous stories regarding Reading which ranged over a wide field of credulity, and that stock was steadily under pressure day was below.

The early strength in the market was

most conspicuous in the Western grain-carrying railroads, and the principal buying shifted afterwards to the Eastern part of the map, led by New York Central and followed by the other trunk line stocks. London was reported an eager buyer of New York Central, but no other news was forthcoming to explain the strength in the stock. list in the day's market, the advance there failing to keep pace with the movement here, and so offering arbitrage profit in selling in this matter all day. The foreign exchange market was somewhat affected and hardened on a demand for remittance interest in the question whether foreigners would resell Americans largely on the advance in prices here. The United States Steel stocks lagged in the upward movement of the day and were somewhat affected by the reports of extensive shutting helped by a rise in the price of the metal. In London there was a rise in copper futures, with a slight recession in the price of spot. A feature of the day's news was the report of sales of cash wheat at Minneapo-

lis for a dollar a bushel. Preliminary estimates of the week's currency movement pointed to a cash gain by the banks this week of nearly \$3,000,000. Curiosity regarding the bank statement centers on the loan item. The active buying of stocks during the week has undoubtedly involved some heavy berrowing. But the entire lack of response in the loan item of the banks to the long liquidation makes the question of the effect of the renewed buying of stocks on loans a doubtful one. The violent upward movement of 51/4 points to 50 in Amalgamated Copper on dealings in nearly 100,000 shares sustained the later market, which had shown signs of hesitation. As it was, last prices were often a little below the best, but the closing was strong and active. The day's gains range from 1 to 4 points and the leading Pacifics, grangers, trunk lines and specialties were all strong.

There were a few heavy spots in the bond market, but the tone was generally strong. Total sales, at par value, were \$3,650,000 United States bonds were unchanged on Following are the day's share sales and

the recorded price changes:

MINNEAPOLIS, Aug. 14.-P. D. McMilan, of this city, has just received a letter from his daughter, Emily D. McMillan which was mailed thirty-one days ago in mid-Atlantic by means of a bottle, which it was inclosed and set affoat. The postmark shows that the bottle was picked up and taken to a coast town of Portugal Garroted for Murder. HAVANA, Aug. 14.-Three men were garroted to-day in Santa Clara province for the murder and robbery of a planter. All claimed to be innocent and refused the min-istrations of a priest. Their relatives had come to Havana and had pleaded unavail-100 211 100 1216 ngly with President Palma for clemency.

CONTINUATION OF BULLISH SENTI-MENT IN THE PIT YESTERDAY.

The Close Was Strong and September Reached Top Price, with Corn Running Off a Bit.

DOLLAR WHEAT IN NORTHWEST

CARLOAD SAID TO HAVE SOLD AT THAT PRICE AT MINNEAPOLIS.

Oats Depressed by Weakness in Cor and Closed a Shade Lower-Provision Market Easier.

CHICAGO, Aug. 14.-There was a continuation of yesterday's bullish sentiment in the wheat pit to-day and prices advanced sharply, September closing 1@1%c higher.

Trading was again active in wheat and the market was strong most of the day. The opening was firm on higher cables, with September up 1/80%c at 820821/4c, but a little reaction set in, due to the impression that the claims of the export demand made yesterday were somewhat exaggerated. The more favorable harvesting weather in the Northwest was also a depressing influence early. The depression was only momentary, however, and after September had sold off to 81%c the market again turned strong and as the session advanced the strength became more pronounced. Shorts became alarmed at the cash situation in the Northwest, where a car of No. 1 northern was reported to have sold at \$1 a bushel (at Minneapolis), and covered freely toward the noon hour. With a good demand for investment account September advanced to of the advance was lost. The close was were equal to 677,700 bu. Primary receipts were 498,000 bu, against 1,138,237 bu a year ago. Bradstreet's exports of wheat and flour for the week were 3,415,000 bu. Minneapolis and Duluth reported receipts of 114 cars, which, with local receipts of 116 cars, twen-Rates on Loans and Exchange-Clearceipts for the three points of 224 cars,

against 264 cars last week and 444 cars a Trading in corn was quiet and the market on the whole was featureless. Excellent weather in the corn belt, with predictions ninety days, 5 per cent.; six months, 5\\06 per cent. Prime mercantile paper, 5\\060406 of a continuation of the same conditions, caused general selling, and but for the strength in wheat the market would have become quite demoralized. As it was the market ruled about steady, with a tendency to weakness after selling between 52%c and 52%c, September closed 1/2%c lower at 52%c. Local receipts were 147 cars, with seventeen counts, 2@21/2 and 2 13-16@21/8 per cent. Conof contract grade.

Favorable weather and increased receipts were responsible for an easier tone in oats, PARIS.—Three per cent. rentes, 97f 75c for the account. Exchange on London, 25f and the weakness in corn was also a depressing influence. Local longs were the best sellers, while the demand was scattered. September closed a shade lower at 384pf for checks. Discount rates, short 351/4c, after ranging between 34%c and 351/4c. bills, 31/2 per cent.; three months' bills, 31/4 Local receipts were 231 cars. Provisions were firm early on a better tone in the hog market, but later the mar-ket eased off on selling by brokers. The

feature in the trading was changing from September ribs to October. September pork closed 7½c lower at \$13.17½, September lard was off 2½c at \$8.02½, while ribs were down 5@7½c at \$7.77½@7.80. Estimated receipts for to-morrow-Wheat, 75 cars; corn, 180; oats, 355; hogs, 13,000

PRICES HAVING BEEN REGAINED.

Hogs in Fair Demand and Five to Ten Cents Higher-Sheep Strong-Condition of Other Markets.

UNION STOCKYARDS, INDIANAPOLIS, Aug. 4.—Cattle-Receipts, 650; shipments, 150. There vas not the usual variety of cattle represented to-day and in some lines there were not enough to establish an extreme range in prices. While number of good cattle were represented there a good demand from both local and outside sources and thick, fat stock sold as promptly as could be expected at strong to higher prices. In the steer market sales of the better grades indicated that practically all of the loss in prices the early part of this week has been recovered good cows and heifers which have been scarce tory market for the thick, fat cattle to-day, about as difficult to sell at steady prices as they have been heretofore this week. There was a | \$2.50@4. scarcity of choice feeding cattle, and sales usually were at strong prices, but common stockers fared no better. At the close of trade a very good clearance of all kinds had been made, and it looks now like the market is in a condition to handle-more good cattle. Quotations: Good to choice steers, 1,350 lbs and up-

Plain fat 1,200 to 1,300-lb steers...... 4.55@ 4.75 Good feeding steers, 90° to 1,100 lbs..... 3.506 3.75 Medium feeding steers, 800 to 900 lbs... 3.256 3.50

A con-tinued failing off in the receipts of hogs this week and no material change is the demand has contributed to strong prices and with the receipts to-day the smallest of the week except Monday, the market opened with rather active competition between packers and shippers and the supply from the start was changing hands promptly at higher prices. There was no excitement in the market and buyers were a little more particular in marking their selections than more particular in making their selections t in sales at more uniform prices to-day. In general way the market for the good medium to heavy hogs and also for the best light hogs weighing upwards of 160 lbs, indicates a gain of right around 10c over yesterday. Occasiona however, sales were probably not to exceed higher than some of the extreme was not as urgent as it has been, and they probably not to exceed 5c higher than ye day's average. In the past few days there been some complaint from buyers of poor quity among the light hogs. The consignment are beginning to show grass and such kinds have to be sold at 5@19c lower prices than core hogs of equal weight. Therefore shippers should country. There were not many late arriva-to-day and with the supply only about lar-enough to meet the immediate requirements enough to meet the immediate requirements buyers a good clearance was made and the m ket closed steady at the advance. Sales ran from \$5.50 to \$5.95, and the bulk of the sup sold at \$5.55@5.85. Quotations: Good to choice medium to heavy. Mixed and heavy packing

Sheep-Receipts, 700; shipments, 400. For the week thus far the receipts of sheep and lambs indicate a decrease of 700 compared with the same time last week and a little change compared with the corresponding time a year ago. The receipts to-day were 300 smaller than a week ago and about the same as a year ago. ago and about the same as a year ago. The market opened with all buyers again in the field and with good competition both from local and outside sources, the market was active and the offerings changed hands promptly at strong prices generally, while occasionally lambs were 25c higher. In a general way lambs are now selling fully 50c higher than at the close of last week, while sheep are fully 25c higher than the low time last week. One lot of lambs was reported at \$5.75 to-day. Quite a number sold at \$5.25@5.50 and other sales ranged from \$4.75 to 35. Several bunches of sheep sold at \$5.25 and other sales ranged from \$2.50 to \$3. A good clearance was made early and the market closed steady. Quotations: steady. Quotations: Good to choice lambs.

Common to best yearlings .. Good to choice sheep.... Fair to medium sheep ... Stockers and feeding sheep Bucks, per 100 lbs.
